## UTILIZE AUTOMATED/CUSTOMIZED WORKFLOWS FOR:

- ✓ Insurance payments
- ✓ Patient payments
- ✓ Denial management
- ✓ Correspondence

## How First Oklahoma Bank's services can improve efficiencies at your practice:

CHALLENGES	SOLUTIONS
Receiving and opening paper checks is a tedious, manual process that is time-consuming and increases the risk of errors.	<b>LOCKBOX</b> <ul style="list-style-type: none"> <li>• Reduce administrative costs by outsourcing payment handling.</li> <li>• Improve record keeping and reporting on receivables.</li> </ul>
Managing over the counter (OTC) and in-office checks from multiple locations often leads to major delays in processing payments.	<b>REMOTE CAPTURE</b> <ul style="list-style-type: none"> <li>• Feed checks through the desktop scanner and consolidate payments to the same online portal.</li> </ul>

### Reduce Your Day Sales Outstanding (DSO)

With Lockbox and Remote Capture services, your patients' payments are processed promptly by our banking professionals. Funds are deposited directly into your account for quicker access to working capital.

### Improve Operational Efficiency

Outsource the tedious tasks of payment handling, data entry, and cash application. Our suite of payment services eliminates administrative hassles so your team can focus on core practice operations.

### Enhance Security

Your payment remittances are safely received and processed within our secure banking environment. Enjoy peace of mind knowing your funds are accurately processed with detailed reporting.

### Customize Your Solutions

Our lockbox offering is flexible to accommodate various payment types - checks, money orders, credit cards and more. The services are tailored to seamlessly integrate with your existing systems and processes.

## Why Partner with First Oklahoma Bank?

- Compliance with industry regulations (HIPAA, GDPR, PCI DSS)
