

# Setting up Account Alerts

**First, click on Alert Preferences from any account in mobile or online banking.**

**Then you can choose to set up alerts based on balances or transactions.**

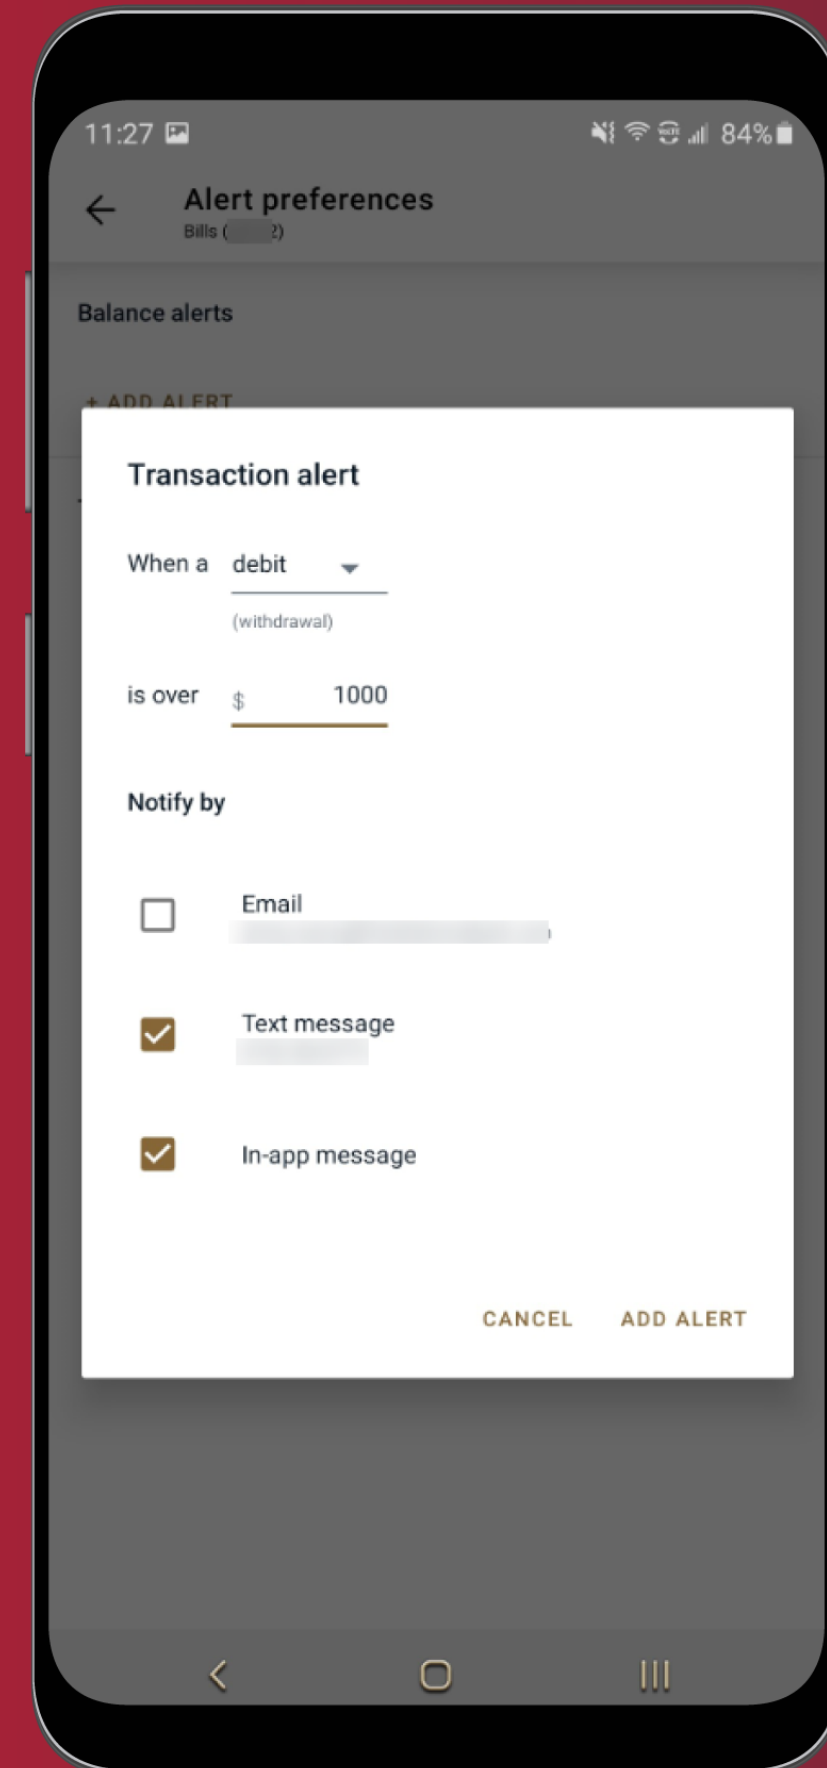

---

# Transaction Alerts

---

By using Transaction alerts, you can choose to be notified when a credit or debit transaction is above a limit that you select.

# Balance Alerts

---

By using Balance alerts, you can add a notification for when your balance is below or above whatever dollar amount you choose.
